## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 10, 13, 15 and 18 are allowed.

The following is an examiner's statement of reasons for allowance: Independent claim 10 differs from the D'Angelico reference as the present application does not require the analysis of multiple mode oscillations for determination of accretion and fill level in the container. As claims 13, 15 and 18 all depend from claim 10, they are deemed allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
